You made it to the Union Level, now let's register your club.  
To complete your team's registration you must do the following:

Pickup and complete the Union Level PBE Registration form at your conference level finals. Return your form to your Conference Pathfinder Director or Conference PBE Coordinator. The best time to return them is while you are at your conference PBE event.

If you do not complete and turn in your registration form at your conference finals you must mail, fax or email your form to your Conference Pathfinder Director or Conference PBE Coordinator. The Union will not accept forms directly from local clubs. All forms must be cleared through your Pathfinder leaders. Make sure to leave plenty of time for your form to be received and sent onto us at the Union.

All forms must be received in the Union Pathfinder Ministries Office no later than Monday, March 18th.

New on this year's registration form: We are asking if you will be participating in English or Spanish. Questions will be posted and read in English and Spanish during Union testing. Remember you must chose one language for the entire event, teams cannot switch between English and Spanish.
